Quick Tips

✔ State the problem statement clearly at the beginning of the presentation

✔ State the solution and the steps taken to build the app

✔ Both participants should speak equally during the presentation

✔ Speak in a loud and clear voice with confidence

✔ Provide a demo of the app built

✔ Focus more on fine tuning and upgrading the app before the final presentation

✖ Don't be nervous. Remember, the goal is to have fun!

✖ Don't exceed the time limit
